Buffalo, NY

AAE 2019 Annual Conference: Where Asthma Education/ Knowledge Falls into Place

Hi Asthma Educators!

We are excited to support Erie County Asthma Partnership at the AAE Annual Conference! Please join us for fun-filled, educational, family event:

Don't Let Asthma Sideline You!

We need asthma educators to assess using the ACT and serve as coaches at the activity stations. Please join us to engage in meaningful action, increase awareness and teach how to overcome barriers related to asthma control and self-management! (You don't have to be asthma certified to volunteer, if you speak Spanish, that would be helpful, but not necessary.) Remember to check the box to volunteer at registration and if you have any additional questions, please e-mail us at admin@asthmaeducators.org

We need your passion, let's give back to the city of Buffalo and support their community!
